

Jindra Angus

13TH ANNUAL PRODUCTION SALE

Tuesday, **March 5**, 2013
1:00 PM (CST) Creighton Livestock Market, Creighton, Neb.

Lot 1

Jindra Double Vision

Preserving the Power of Scotch Cap Genetics

Fellow Cattlemen,

Welcome to the Jindra Angus 13th Annual Production Sale. I would like to thank you for taking time to give our program consideration. As another year has gone by, I am truly grateful for you as our friends, customers and fellow cattlemen. It is with your success in mind that we strive to create a great product.

At Jindra Angus we have stayed the course and continue to produce the same venue of high performance cattle. Our herd is influenced by genetics from many great Angus programs, but our gene pool grows most heartily from Scotch Cap genetics. The commitment to these genetics is consistent over time, and far more intricate than following fads or using popular sires.

This year's offering is highlighted by the first production of Double Vision, Big League and Premium Blend who were all superior products from the 2010 calf crop and features of our 2011 production sale. They represent three superior Hoff bred cow families that will carry on for generations to come. We are also featuring a stout set of Incentive 9J17's and Complete 4U75's that are impressive new sire groups this year as well. Instead of selling cows, we are selling more heifers this year in a good cross section from the herd. They are an excellent set and they will make great mother cows.

I hope you enjoy the offering and would be glad to visit with you anytime. There is a variation through the herd that is home to your demands. Just let me know if I can help guide you through the sale cattle, or if you have any questions at all.

Thanks on behalf of everyone at Jindra Angus!

Nick 402-920-3171

A special thanks to everyone who helped with the preparation for this sale!

GENERAL SALE INFORMATION

HEALTH PROGRAM

All cattle have been preconditioned and vaccinated again at weaning time with IBR, BVD, BRSV, PI3, 7 way and pasteurella. They were poured and dewormed in the fall and again in February. The bulls have been semen evaluated and vaccinated with Vibrio Lepto. The heifers were bangs vaccinated and have also been vaccinated with Vibrio Lepto. Scrotal measurements printed are the actual measurements that were taken in January, bulls with no SC listed were too young to evaluate.

DATA: Please note that fall bulls are listed intermitently with the spring bulls under the proper sire group. Data for weights and ultrasound were collected under different conditions so do not compare spring bull data directly with the fall bull data.

FIRST BREEDING SEASON GUARANTEE

Bulls are guaranteed against breeding injury for the first breeding season which is defined as the 90-day period following the first turnout of the bulls. In the event that an injury occurs please notify the seller as soon as possible to coordinate appropriate action.

LUNCH

Come early and enjoy complimentary lunch at the Creighton Sale Barn Café!

RETAINED INTEREST AND SALE ORDER

Jindra Angus will retain 1/3 semen revenue sharing interest in all of the bulls in this sale. The buyer has full possession and salvage value of the bull at the end of his useful life. Any further semen interests or flushing rights will be announced sale day. All announcements take precedence over printed material in this catalog. Sale order will be made Tuesday morning.

TRUCKING DISCOUNT

\$50 discount if you haul your bull home sale day.

SALE LOCATION

Creighton Livestock Market • PO Box 155 • 1103 Peabody Ave.
Creighton, NE 68729 • 402-358-3449

SIGHT-UNSEEN SATISFACTION GUARANTEE

Buyers unable to attend the sale may contact any of the listed references for help in placing their bids. Bids may be taken on the phone during the sale if enough phone lines are available, but that cannot be guaranteed. All bids left are held in confidentiality and purchases are guaranteed to meet your expectations.

OWNERSHIP & DELIVERY

Cattle are the property of the buyer as soon as sold. Terms are cash. Cattle will be kept free of charge until April 1. Contact Nick to make delivery or pickup arrangements.

LIABILITY

Jindra Angus does not assume any liability in case of accident.

VIEWING THE SALE AND BIDDING ONLINE

The Creighton Livestock Market holds a regular sale every Tuesday. They will continue to broadcast the sale via www.cattleusa.com as in past years. Primary video and audio feed will be broadcast this year on the web at www.liveauctions.tv where you will be able to watch, register and bid with full audio. See further instructions on page 32.

VIEWING THE CATTLE AHEAD OF THE SALE

We have been delayed but plan to have the cattle videoed ahead of the sale. Look for the Videos or Updates at our website: www.jindraangus.com or at www.liveauctions.tv

**FEATURING THE HEAVIEST SPRING YEARLING BULLS OF THE ENTIRE
2013 NATIONAL WESTERN PEN AND CARLOAD COMPETITIONS**

COMMENTS FROM THE SALE MANAGER

Dear Cattlemen,

The earning power of Jindra genetics is stronger than ever for commercial cattlemen. As the beef industry and quality Angus genetics, in particular, enjoy ongoing record demand, the value of Jindra Angus genetics has increased exponentially. Rich in the best of Hoff Scotch Cap breeding, this program is designed for added growth and performance. The Jindra prefix assures the genetic potency to consistently transmit more pounds, gain-ability and profit. A constant that continues to remain in the beef industry, regardless of the price level, is that cattle are sold by the pound. The reality is that cattlemen who are able to sell more product at weaning and yearling time make more money, and with the strong current market trend and continued bright outlook, the price spread is even greater than ever.

Nick Jindra has diligently carried forward the best of the elite Hoff Scotch Cap genetics. Unlike any other herd in the world today, the true Hoff Scotch Cap genetics are found here in the same full concentration as they were in Bison, South Dakota, where commercial and registered cattlemen from around the globe would annually pilgrimage. With the years gone by since the final Hoff Scotch Cap Dispersal, it is rare to find the degree of full-blood Hoff Scotch Cap genetics that have been preserved and enhanced in the Jindra breeding program.

As a clear reflection of these high-performance genetics, Jindra Angus exhibited the heaviest pen of spring yearling bulls of the entire National Western Stock Show in 2013, a title that they now have won two out of the three times that they have exhibited bulls there. The first time was with the Heavyweight Pen of Bulls led off by Jindra Double Vision who went on to be the top-selling bull of the 2011 Jindra Sale and gained legions of fans while on display at the 2012 National Western and again at the 2013 National Western. As an elite EPD sire with progeny that have earned him one of the most impressive spreads from birth to weaning and yearling in the National Sire Evaluation, Jindra Double Vision sold an interest to the Genex/CRI AI Stud during the 2013 National Western where he was the most popular and talked about display bull in the yards. Jindra 3rd Dimension, his amazingly powerful son from his first calf crop, was the most talked about yearling bull in the pen and carload competitions. Combining an impressive EPD spread with phenomenal stoutness and power, he truly represents a new dimension of the Jindra breeding program. He sells as a feature of this sale, along with his incredible contemporaries.

If your program does not already include Jindra bulls, it is not too late to get started in capturing the benefits of future premiums, and if you have been an ongoing Jindra customer, you already know the advantages of stacking generations of Jindra genetics. Nick Jindra knows and understands the beef industry, as few others do, with first hand involvement in the production of breeding stock, a commercial cow herd and the feedlot segment. You can be assured that your individual goals and concerns are clearly identified.

It is a pleasure and privilege to work with Nick Jindra and his family in the presentation of this powerful offering of Angus bulls and heifers. Please don't hesitate to call on us at American Angus Hall of Fame if we can be of assistance in any way. We are here to serve.

Sincerely,

Tom Burke

- Double Vision has gained a lot of popularity among cattlemen over the past three years maintaining the eye appeal of a great calf all the way through. His individual performance records are exceptional but cattlemen also note that he brings correctness and eye appeal to the top of the list. Seeing use in a number of programs he has excelled once again showing us tremendous curve bending potential in his first calf crop. Calves are born easily from both heifers and cows with good vigor. The calves are thick, grow really well, and are showing us exceptional bloom and style as they mature. Double Vision is owned with Macholan Angus and Genex/CRI.

- When naming Double Vision, he earned the name because he was so wide, you might actually think you were seeing double. Third Dimension truly takes it to the next level. He's a full dimensioned, heavy muscled bull from corner to corner with good structure, foot, and bone to match. All the good traits of his sire with a little more thickness and moderation, complimented by a wide tracking First Edition dam. She's a moderate, easy fleshing cow with a great udder, wide base, and lots of thickness. Dam: BW 4@99 WW4@109 YW 4@107.

- Another good 4U75 son with the right style, kind, and make. Shear Force dam is a beautiful female with a perfect udder. Good maternal lineage on the bottom as well going back to a great Hoff Dallas daughter.

Sister Brooke was really busy as a FFA State Officer this year.

- Insignia was a feature in the 2004 calf crop at Scotch Cap who sold to Salt Creek Ranch of TX and went on to sire Salt Creek Bob. Insignia has done a lot of good all the way through leaving us a zesty set of performance bulls in this year's offering with heavy muscle and top performance.

- This heavy muscled herd sire was selected for our use in the program as our most distinguished Destroyer son in the 2008 calf crop. On top of performance and phenotype, he combines the excellent fundamental strengths of his sire with the maternal qualities of perhaps our most superb 014 daughter. Progeny are powerful and popular. Owned with Tim Schwede.

- Off Limits is a top Hoff herd sire that will pack ample thickness in his bull calves and create superior females hands down. His dam is a full sister to Hoff Investor, another great herd sire, and Off Limits is also the sire of Uncharted, another exceptional maternal sire. Use his sons to add length, maintain power and thickness, and create superior replacements.

- Time Prime was a unique product of our 2009 calf crop, selected in our 2010 sale by the careful eye of Francis Schmidt as a sleeper lot with herd sire potential. He was one of our best from the first calf heifers that year recording a 7.25 IMF with a 15.2 ribeye. He is a stout, moderate framed bull with an astounding set of feet and legs. He was so impressive as a two year old we decided to use him heavily. He breeds very consistent and stamps his calves with a bold, good structured make.

AAA #17031279 • BD 1/31/2011

Connealy Full Freight
SIRE: CONNEALY DUBLIN 8223
Black Rina of Conanga 69

EGL Target 1148
DAM: PANDA OF CONANGA 3609
Pondera of Conanga 750

Coming up one herd bull short just ahead of breeding season last spring, Guinness was a powerful herd sire candidate that stood apart in the Connealy offering. He is deep, extremely thick, and wide tracking with superior phenotype. First calves are impressive, marking him as a heifer bull with really good early growth and vigor. He has been sampled in some top programs. Semen available.
